Computer Programming Classes
@ Nysmith School for the Gifted
~ *Invent. Create. Be inspired.* ~

Give your child an opportunity to learn how to create fun programs and games! Coding with Kids classes are updated with **NEW PROJECTS EACH SESSION** so that your student can continue to advance their coding skills. We teach kids real programming skills in a fun and engaging way. Below are the classes available at your school.

ROBOTICS FOR LITTLE CODERS
Grades K-3
Mon, 4:00pm-5:00pm
Feb 4 - May 6
no class on Feb 18, Apr 15, Apr 22
11-week session
$189

Robotics for Little Coders with Ozobot is an opportunity for young children to develop their computational thinking skills, build their first programs, and have fun with new friends! Ozobot's programming is designed specifically for early readers, taking into account the cognitive abilities and typical attention span of children ages 5-7. Students are introduced to basic coding concepts with simple tasks, such as customizing their Ozobot and assigning commands through different colors, then build up to more complex tasks with Ozobot's simple drag-and-drop language.
