

Join Abrakadoodle's STEAM Innovators Art Classes this Spring After School!

Sponsored by  Nysmith
SCHOOL FOR THE GIFTED

Preschoolers up to 6th graders learn:

Innovation! Invention! Art! Brilliant minds were exploring Science, Technology, Engineering, Art and Math long before the term STEAM was coined! Navajo Indians wove geometric patterns using simple machines, Leonardo da Vinci dreamed of all sorts of inventions, curious minds explored technology that led to photography, and mathematicians observed fascinating details in the world around them. Learn about these amazing innovators and create your own inventive artwork inspired by them!

Registration begins February 1st & ends February 26th.

Tuesdays AFTER SCHOOL from March 26th – April 23rd

STEAM Innovators (K-6th) - \$135 per student

MINI Doodlers (ages 3-5) - \$122 per student

Register Here: <http://www.abrakadoodle.com/va-northern-register/>
